State Track Meet Records will be accepted for races at metric distances. With the exception of the 100 meter dash, all other events are slightly shorter than their English distance counterpart and therefore the record performance should better the existing State Meet Record at the English measurement distances. For example, the record for the 120 yard high hurdles is :14.0 seconds. The record will stand as the record until the time is bettered in the 110 meter high hurdles event.
