

2026

MINNESOTA GIRLS

TRACK and FIELD ANNUAL

THANK YOU

Thanks to Minnesota's track and field athletes, past and present, whose outstanding performances make this effort enjoyable.

MEA CULPA

Please forgive any errors or omissions and make us aware of them. We are aware that neither our 2024 lists nor our all-time lists are complete.

SEND ALL OMISSIONS OR ERRORS TO: Bill Miles at billmiles78@hotmail.com

TIMING

The National Federation Rule Book states that unless a timing system is fully automatic, times registered in one-hundredth of a second must be rounded up to the next tenth-second. Example: 10.42 will be recorded as 10.5 unless fully automatic timing is used. In ranking performances, we add 0.24 to manual times to approximate the fully automatic timing equivalent. Example: a hand time of 11.0 seconds would be considered equivalent to a fully automatic time of 11.24 seconds.

METERS / YARDS

Our All-Time Minnesota lists mix performances run at metric and English distances. Metric performances and their equivalents are listed. If the race was run at an English distance (yards), the actual performance follows name, school, and year in parentheses. Where an event was run only at the English distance and is no longer contested, performances are listed as run. Conversion factor from an English distance to Metric is 0.9942.

WIND

Most regular season meets do not have wind gauges. The only time I will record a mark as Wind-aided will be if it happens to be an All-Time Best in Minnesota and in that case, I will list the best wind-legal mark I have found for that athlete.

i = indoor performance c = converted from yards to meters (0.9942)
